Radius Crown Applications

Find the center of a straight edge (A). Place the straight edge against the curve of the wall until the left and right (B) distances are the same.
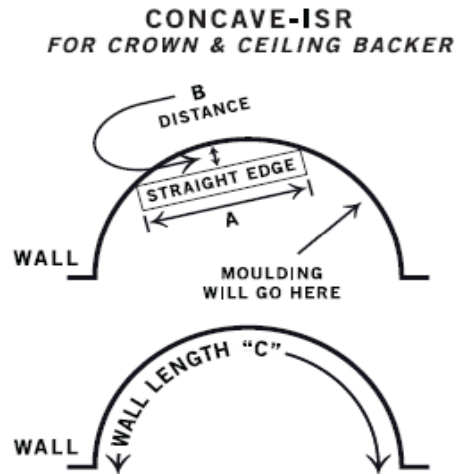

Measure around the curve to get the wall length (C)
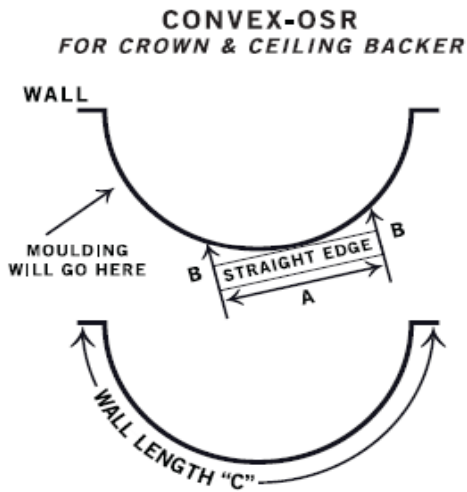

Find the center of a straight edge (A). Place the straight edge against the curve of the wall until the left and right sides touch the wall (B).

Measure the distance from the center of the straight edge to the wall.
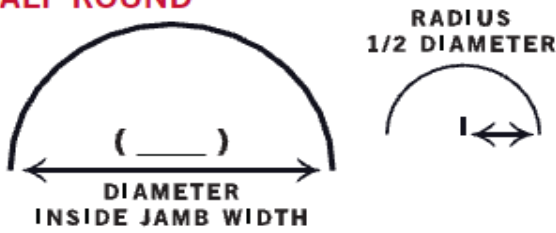

Measure around the curve to get the wall length (C)
